Wind
Industry

Invitation to meet the Danish wind industry Copenhagen, 17 April 2012

Time: 8:00-12:00

Venue: Exhibition Hall B, Bella Center Copenhagen, Denmark

On April 17th there will be the possibility to attend the largest matchmaking event during the EWEA 2012 in Copenhagen. This will be a great opportunity to establish partnerships between Danish and European wind industry companies. The organizing partners are EWEA, the Danish Wind Industry Association, Copenhagen Capacity, the EcoCluP consortium, Renewable Energy Hamburg and Copenhagen Cleantech Cluster.

Meet potential partners or customers and expand your company's network within the European wind industry. Participate if you would like to:

- Establish collaborations with Danish companies
- Scout for a Danish partner for development projects
- Gain knowledge about the Danish players, their technology and strategy
- Meet companies within the wind industry from other European countries

B2B meetings: Meetings will be arranged based on the wishes and areas of interest of the participating organizations. Therefore, participants will be asked to create a profile when signing up for the event. If you need help, we will be happy to assist in filling it in.

Registration and participation is free of charge, however, access to EWEA 2012 requires a ticket. Refreshments will be served at the event. Travel expenses and hotel accommodation are not included.

SIGN UP HERE

Deadline for registrations is March 19th

For more info on the EWEA 2012 and the activities taking place during the conference, visit the homepage of [EWEA](#) and [The Danish Wind Industry Association](#).

If you have any queries, please contact Maria Valentin Palgaard, mvp@copcap.com.
