

## International Brokerage Event at FOWT Montpellier

### B2B & Meet the Buyers sessions - April 24th and 25th

**FOWT is the world's largest event dedicated to floating offshore wind turbines. A true international and privileged place for business and partnering**

800 participants expected and delegations confirmed from Japan, Norway, Netherlands, United Kingdom and the USA. **FOWT is the place to be to expand your international professional network in floating offshore wind turbines.**

With support from Enterprise Europe Network, decision makers and sub-contractors/service providers from all over the world will be able to benefit from B2B session's (April 24th & 25th), which aim to bring supply and demand together: broadening sourcing, bringing value to expertise, identifying innovations and products and forging future international partnerships.

#### MOVING TOWARD THE 1st GW

These days of conferences and workshops (24th, 25th and 26th of April) will focus on accelerating global commercial deployment:

which countries will open the way? What are the latest lessons from existing projects? How does the acceptance of stakeholders and the concerns of other users advance?

What are the various solutions to reduce time to market? What challenges and opportunities for port infrastructure?

What new markets, new opportunities emerging?

Check out the programme !
