BE AMONG THE KEY-PLAYERS TAKING ADVANTAGE FROM
A FIVE-FOLD OPPORTUNITY IN THE EARTH OF EUROPE !

EXHIBITION AREA

Maximize your time and meet a selected / targeted audience coming from all over Europe.

Leverage and grow your business.

Boost your company's visibility, assert your business reputation (among the big players) and become the technical reference in your domain within the European market.

Showcase your expertise and skills.

Get an insight of the latest products' novelties and market trends.

Expand your network.

CONFERENCE

Come to conferences given by professionals from all over Europe.

B2B

Initiate cross-border contacts and long-lasting co-operations (clients/partners/end-users).

Pave the way to market penetration abroad.

Benefit from qualitative collaboration profiles detailing cooperation offered or requested by each participant.

Pave bridges among trans-national and cross-sectorial companies for mutual benefit (from drone sector to traditional domains, from defense to civil applications).

Grow your business via new organisation and business model innovations against more traditional ways of doing business.

Technology transfer from defense to civil applications.
