

## International matchmaking during WindEurope conference and exhibition 2017 (29 and 30 November 2017)

Are you looking for potential partners for cooperation in the field of wind energy (onshore and offshore wind energy)?

Enterprise Europe Network (EEN) is organising an international matchmaking event on 29 and 30 November 2017 during the **WindEurope conference and exhibition 2017** in Amsterdam in the Netherlands.

The **Wind Energy Matchmaking 2017** brokerage event offers business contacts to industry, science and technology professionals in the wind energy sector (onshore and offshore wind energy), who are looking for potential partners in the Netherlands and other countries to ensure sustainable business development and growth.

Business Support on Your Doorstep

Netherlands Enterprise Agency

Is your business or organisation in search of new customers, partners or collaborative alliances, or are you specifically looking to explore the wind industry in the Netherlands or other countries? If so, you should register for this year's international matchmaking programme.

### TARGET GROUP

The event is aimed at small and medium-sized enterprises (SMEs), especially those carrying out innovative work, research institutions and universities, who are active in the field of wind energy.

### HOW DOES IT WORK?

- 1) Contact [galacteaplus@galacteaplus.es](mailto:galacteaplus@galacteaplus.es) to register at the event website.
- 2) Make a profile of your organisation and publish your collaboration wishes.
- 3) On the basis of the online profiles you can see what other companies need or have to offer and then can send meeting requests to selected participants of your choice.
- 4) One week before the event you will receive your meeting schedule.
- 5) Meetings have a duration of 30 minutes. In this way you can have several meetings in 2 days. You can of course continue interesting meetings afterwards at the conference, during the exhibition or at home.

### WHY PARTICIPATE?

- To showcase your most favourable projects, products or know-how;
- To initiate cross-border contacts and cooperation;
- To find new commercial/technological/research partners;
- To get the latest information on Wind energy related research findings;
- To present, discuss and develop new projects.
- Participation in the matchmaking is free of charge. For admission to the exhibition you will need to register via [www.windeurope.org/confex2017/](http://www.windeurope.org/confex2017/)
