THE STAGE PROGRAMME

A Step-by-step Approach to Sustainability Transition

The ***Sustainable Transition to the Agile and Green Enterprise (STAGE)*** is a unique support ecosystem, focused on **innovation** and **sustainability**, which helps industrial companies transform into green leaders of the European economy.

- Free **innovation** and **sustainability assessments** to thousands of enterprises
- Tailor-made advisory support from hundreds of **Sustainability Advisors**
- **Roadmaps** and **sustainability transition plans** for companies
- **Industrial trainings** for hundreds of enterprises on dozens of sustainability-related topics
- The **STAGE Grant Programme** - provision of financial support to dozens of SMEs
- **Additional advisory support tools** and **facilitation of private investments** into companies with the highest potential

HOW ARE WE GOING TO DO THIS?

The main tools of the STAGE programme

INDUSTRIAL ENTERPRISES

*Any company from any part of the world can join the STAGE ecosystem!
Special eligibility rules apply only for the STAGE Grant Programme!*

INDUSTRIAL ENTERPRISES

- The STAGE programme is targeted at companies that have the need and ambition to become more sustainable
- STAGE provides a benchmark and helps companies with investment readiness, and financial support
- Each enterprise engaged with STAGE will have its own individual journey through the Programme.

WITH STAGE COMPANIES BENEFIT FROM:

✓ **Non-financial support
(assessment tools + free
training)**

✓ **Financial support:
(grants + advisory
to attract private
funding)**

THE STAGE PROGRAMME FOR ENTERPRISES

INNOVATION AND SUSTAINABILITY ASSESSMENTS

- **Initial Sustainability Assessment:** a self-assessment tool to evaluate companies' performance in a range of social, innovation, governance, environment and economic aspects.
- **Performance Assessment** – a detailed assessment in the areas of product engineering, industry 4.0, production sustainability, business strategy.
- **Carbon Footprint Assessment** – a tool to calculate a company's carbon footprint resulting from fuel, f-gas, electricity, and water consumption, waste, etc.
- **EU Taxonomy Assessment (TBA)**

As a result of this phase enterprises will:

1. Receive a **Scorecard**, a **Sustainability Roadmap** (incl. a **tailor-made training plan**)
2. Get **matched with a Sustainability Advisor(s)**
3. Develop a **Sustainability Transition Plan** (in cooperation with the assigned Sustainability Advisors)

THE STAGE PROGRAMME FOR ENTERPRISES

TRAINING

Training modules in 4 Pillars on specific sustainability-related topics are available to help companies with their sustainability transformation.

Enterprises can enroll for as many decentralised training courses as they wish!

A programme of online and onsite training workshops is also available! Events will be hosted by one of the STAGE partners in their country of operation. On-site workshops will provide opportunities for discussions and networking.

All training modules will be available on the STAGE digital platform!
